**More information**  
High performance  
with a wide range of  
solutions and options.

### Product description

The Carneoline FK23 is made entirely from stainless steel and with top quality workmanship all round.

Ergonomic and effective comminution and portioning of fresh and frozen foods. Suitable for fresh fish as well as for frozen meat, products with bones such as shanks / osso buco and soup bones.

Due to the wide range of saw blades high quality products such as fine fish or matured beef can be processed by accurate weight and optically appealing.

Carneoline FK23
