

BIZERBA

... closer to your business

Powerful performance even in continuous operation ...

... Manual Slicers VS 12 / VS 12 W:

Fast – robust – accurate to within a gram

VS 12

VS 12 C W

The deli slicer VS 12 offers a multitude of applications. In addition, the VS 12 W provides you with a checkweigher. The product can be perfectly sliced and weighed in a single working step. This accelerates operation considerably and increase sales of specific products by selling larger quantities.

Ease of handling

- Smooth-running carriage thanks to carriage guide bearings located securely inside the motor housing
- Slip grooves in the carriage rear wall ensure smooth and easy gliding of the product
- The ergonomically optimised remnant holder allows
 - feeding of the product to the blade with one hand while at the same time guiding the product along the rear wall of the carriage
 - slicing to the very last slice without discomfort in the hand that guides the carriage
- Setting of slice thickness, to fine setting option
- Improved hygiene thanks to easily removable sharpener

Quality and Safety

- Closed blade guard with additional handle for easy removal
- Maximum safety thanks to emergency shut-off (on /off) and restart lockout (in the event of power failure)
- Quiet, maintenance-free blade drive

- Remnant holder to minimise product waste due to scraps or first slice
- Adjustable stop plate and product support in the lower section of blade
- Minimised risk for operator thanks to protected cutting area during sharpening

Cleaning and hygiene

- Quick disassembly of parts that can be removed for cleaning
- Remnant holder with magnet lock for quick assembly/disassembly
- Compact design with closed mounting frame
- Swivel-mounted deflector with smooth edges to avoid dirt buildup
- Easy access to all parts
- Membrane keyboard protected against dripping water
- Comfortable to clean thanks to optional Ceraclean finish

Protection type		IP 33		
Current type				
1-phase AC	Voltage*	230 V	120 V	220 V
	Frequency	50 Hz	60 Hz	60 Hz
	Nominal current consumption	1.8 A	3.3 A	1.7 A
3-phase AC	Voltage*	230/400 V		
	Frequency	50 Hz		
	Nominal current consumption	1.2/0.68 A		

*Various voltages depending on country, further information on request
