FELOCITÀ FISSA - FIXED SPEED

Risponde perfettamente alle necessita' della clientela più esigente. Contenitore da 40 Kg, pulitore pneumatico e nastro trasportatore, mettono in condizione l'operatore di produrre in continuo senza interruzioni date dai tempi di carica e pulitura filtro.

Machine lowered for ease of loading. Extended hopper for continuous production flow. Flighted conveyor for efficient removal of the final product.

Machine basse pour faciliter le chargement. Grande trémie permettant une alimentation continue de la machine. Tapis montant (à hauteur d'homme) pour faciliter la récupération du produit.

Maschine niedriger gestellt für einfache Beschickung. Vergrösserter Transportband für einfache Übergabe des Endproduktes.

Racla, stampo e raschiatore sono asportabili grazie al loro innesto automatico.

Paddles, drum and scraper arm have quick release mechanisms for quick drum change and ease of cleaning.

On peut enlever les pales, le reseau portionneur et le dispositif de reglage grâce à leur embrayage automatique.

Trichter, Paddel und Trommel sind zur Reinigung ohne Werkzeug leicht demontierbar.
